

Pallavi Model School-Alwal

Show & Tell

Show and tell or show and share is usually the first opportunity young children have to stand up in front of a small group and speak. The early language experiences help to build effective communication and listening skills that are essential for a young child's learning. It also encourages emotional development in a child.

'Show and Tell' is an important part of a child's learning development, as it helps them to organize information and build their confidence. With the aim of providing an opportunity for our children, 'Show and Tell' competition was conducted for classes 3 and 4 on 29th September. In the competition they spoke on different topics. They described the objects with a lot of confidence, facial expression and voice modulation. This competition was a platform for public speaking. Overall, the show was a spectacular learning experience for the kids.
